

Vitacress wins Chamber of Commerce 2008 “Green Award”

Vitacress Salads has recently been announced as a Regional winner of “The Green Award” in the Chamber of Commerce 2008 Awards. The Chamber Awards were launched by the British Chambers of Commerce in 2004 to recognise and celebrate business excellence through the successes and achievements of its Accredited Chambers of Commerce, their members and non-members.

Our entry focussed on our unique system of washing salads only in spring water and recycling the water through our watercress beds; our conservation grade farming methods and the formation of the Vitacress Conservation Trust.

Our success means that we now progress to the National Final which takes place at a Gala Dinner and Awards Ceremony to be held on Thursday, 27 November at The Natural History Museum, London. This year’s Awards will be hosted by television personalities Dermot Murnaghan & Sian Jones.
